

# Karen Hancock Action Plan

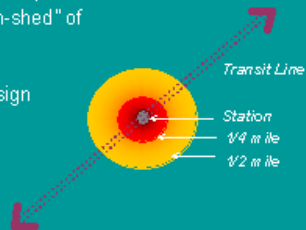

## Why Do We Need to Balance Parking Needs at TODs?

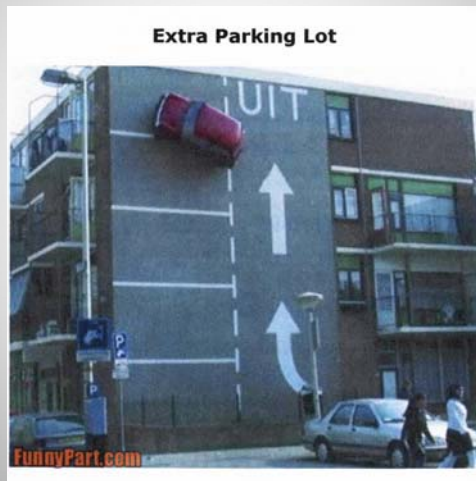

# Presentation to Neighborhood Group

- Compact, mixed-use development
- Defined by a "pedestrian-shed" of 1/4 to 1/2 mile radius
- A special, people-place; walkability is the key design criterion

# Survey

Possible Survey Question	Possible Answers
Was this presentation useful?	Would have been better with food.
How will you get to the train station?	1976 Cadillac--will drive 5 blocks with radio blaring and a/c on high!
How does balanced parking look, smell, sound, feel and taste?	What?
