

## Action Plan Presentation

During Session 7, each participant will present an overview of their Action Plan to the rest of the group. Given the number of participants and the time allotted, this presentation must be limited to 5 minutes. The presentation should answer the following questions:

1. What is your broader objective or vision for you action plan? Who will be involved in and/or affected by the project?

To work toward High Speed AGS System thru I70 Corridor.  
Although, conjection will never be solved. Increasing capacity of People and Small Goods in a through-put sense.  
Also, look for alternates to relieve pressure on the I-70 Corrido

2. Please describe at least 2-3 tactics or deliverables to achieve your objective?

Have joined the Keystone effort for 'Contact sensitive Solutions'.  
Talk to people in a positive sense about the future of Colorado and the importance Of Transit.  
Attend other meetings, conferences, etc.; as they arise.

3. What is the timeline for the tactics listed above? How will you know when the project is complete?

Have been involvedin this since 1988. Hopefully the new governor's Blue Ribbon Panel, the Collaberative Effort,& Contact Sensitive Solution Groups moving forward with Denver's Leadership in transit (along With Many Other Groups) will evolve a state wide vision. This will not only turn into an action plan, but something I call the three "Ps" – Progress, Prosperity, and Pride.
